- 10.supplier\_company\_name
- 11.supplier\_tin\_num
- 12.supplier\_gst\_num
- 13.supplier\_account\_num
- 14.supplier\_payment\_mode
- 15.supplier\_bank\_name
- 16.supplier\_default\_addr\_id (2^)
- 17.supplier\_ip\_address
- 18.supplier\_monthly\_purchase
- 19.supplier\_monthly\_payment
- 20.supplier\_social\_networking\_sites\_account

## Employee Attributes and Tags:

### Attributes:

1. employee\_id (1^)
2. employee\_tag(driver, majdur, shop-manager, prod-manager, helper)
3. employee\_username
4. employee\_fname
5. employee\_lname
6. employee\_mobile\_num
7. employee\_alt\_mob\_num
8. employee\_image(2)
9. employee\_email
10. employee\_account\_num
11. employee\_payment\_mode
12. employee\_bank\_name
13. employee\_default\_addr\_id (2^)
14. employee\_absent
15. employee\_doj(date of joining)
16. employee\_salary
17. employee\_amount\_recieved(how much amount she/he already got)
18. employee\_total\_absent

## Sub-Product Attributes and Tags:

### Attributes:

1. sub\_product\_id (1^)
2. parent\_product\_id (2^)
3. sub\_product\_cost\_price
4. sub\_product\_sale\_price
5. sub\_product\_sell\_price
6. sub\_product\_image (3)
7. sub\_product\_stock
8. sub\_product\_sku
9. sub\_product\_combo\_id(other items with which it is grouped)
- 10.sub\_product\_combo\_price
- 11.sub\_product\_weight\_value(10, 5, 1, 500, 250, 200, 100, 50)
- 12.sub\_product\_unit\_weight(kg, gm, L, mL, packet, piece)

## Address Attributes and Tags:

### Attributes:

1. address\_id (1^)
2. user\_addr\_id (2^)
3. user\_tag(customer, supplier, employee, wholesaler)
4. address\_uname
5. address\_fname
6. address\_lname
7. address\_email
8. address\_mob\_num
9. address\_alt\_mob\_num
- 10.address\_block
- 11.address\_locality
- 12.address\_landmark
- 13.address\_pincode
- 14.address\_city
- 15.address\_state

## Customer-Orders Attributes and Tags:

### Attributes:

1. c\_order\_id (1^)
2. customer\_id (2^)
3. cust\_order\_payment\_status
4. cust\_order\_payment\_mode
5. cust\_order\_date
6. cust\_delivery\_date
7. cust\_required\_date
8. cust\_total\_price
9. cust\_total\_saving

## Customer-Cart Attributes and Tags:

### Attributes:

1. customer\_id (2^)
2. c\_cart\_product\_id (2^)
3. c\_cart\_product\_cat\_id (2^)
4. c\_cart\_product\_name
5. c\_cart\_product\_image
6. c\_cart\_product\_quantity
7. c\_cart\_sub\_total
8. c\_cart\_saving
9. c\_cart\_order\_date (2^)

## Supplier-Orders Attributes and Tags:

### Attributes:

1. s\_order\_id (1^)
2. supplier\_id (2^)
3. supplier\_cat\_id (2^)
4. sup\_order\_payment\_status
5. sup\_order\_payment\_mode
6. sup\_payment\_date
7. sup\_order\_date
8. sup\_delivery\_date
9. sup\_total\_price

## Supplier-Cart Attributes and Tags:

### Attributes:

1. s\_cart\_product\_id (2^)
2. s\_cart\_product\_name
3. s\_cart\_product\_image
4. s\_cart\_product\_quantity

## Delivery Attributes and Tags:

### Attributes:

1. delivery\_id (1^)
2. c\_order\_id (2^)
3. customer\_id (2^)
4. delivery\_amount
5. cust\_delivery\_date

## Carrousel Banner Attributes and Tags:

### Attributes:

1. car\_id (1^)
2. car\_cat\_id (2^)
3. car\_cat\_image

## Customer-Account Attributes and Tags:

### Attributes:

1. customer\_id (2^)
2. customer\_email (1^)
3. customer\_username
4. customer\_password (1^)
5. customer\_password1
6. customer\_password2
7. customer\_facebook
8. customer\_mob\_num

## Customer Wishlist Attributes and Tags:

Attributes:

1. wish\_id (1^)
2. customer\_id (2^)
3. product\_id (2^)

## Customer Viewlist Attributes and Tags:

Attributes:

1. view\_id (1^)
2. customer\_id (2^)
3. product\_id (2^)

## Related Product Attributes and Tags:

Attributes:

1. related\_prod\_id(product which are co-related)
2. product\_id

## Similar Product Attributes and Tags:

Attributes:

1. sim\_prod\_id(product with different quality)
2. product\_id

## Other Name of Product Attributes and Tags:

Attributes:

1. product\_id
2. product\_name

## Brand Name of Product Attributes and Tags:

Attributes:

1. brand\_id
2. brand\_name
3. product\_id

## Description of Tables:

1. Brand Name
2. Other Name(other name for a same product)
3. Related Product (product which are co-related)
4. Similar Product (same product with different quality)

3.
